Address:

Avon Park

Price:

15000.00 \$

Car is VERY Custom. It has been restored and is in clean immaculate condition. Full time garaged and covered here in FL. Rarely ever driven, except for local car shows within 10 miles of the garage. Maintained in primo condition. New 4 core Radiator. New 355ci Blue Print 315hp engine. Edelbrock 4bbl Carburetor. New 700R Transmission. New Power steering pump. All new hoses. Much much more. Completely gone through and fully restored. Rear compartment covered and modified to act as a functional lifting lid. Body has has some internal repairs. Takes a good eye to see. Odometer mileage doesn't reveal updated restoration parts. Small detail, but the original Owner's manual is also included. No idea why these post up upside down. Sorry
